NOTES.

File No. 134-28

FOOD SUPPLY ARRANGEMENTS.

The Provincial Depot, the Bangalore Municipal Depot and a few licensed and private shops were inspected on the 21st instant. The Food Controller and the Chief Officer, Bangalore City Municipality were present.

Arrangements for importation of food grains.

The allotment for March has not yet been fully realised and that for April has not been obtained at all.

About Nellore rice there appears to be no difficulty.

The supplies to be obtained from the Godavari District have been delayed. The Food Controller was told to write to Mr. Bhore, Deputy Director of Civil Supplies, Bezvada, and ask for his assistance.

Regarding Burma rice, the existing arrangements for import through merchants do not seem to be adequate. If the merchants are unable to import the stipulated quantities, it is better to arrange directly with the Rice Commissioner in Burma. If necessary, the merchants may be given another chance in May next.

No application has yet been made for the May allotment. This should be expedited.

Stock on Hand.

The aggregate stock of rice and ragi on the evening of the 20th inst was 15,258.74 pallas, as per details annexure A.

The Food Controller has no up-to-date information as to the stock in the District and Taluk depots. He should arrange for the transactions of each depot being reported to him daily, so that he may be in possessi of these essential particulars.

Distribution.

105 pallas of Burma rice and of 5 pallas 2 ragi are daily supplied to the Munici pal depot at Bangalore. As regards other places the supply is somewhat haphazard. Statement B gives partic lars of rice issued to the various Districts. The Food Controller was asked to prepare a proper scheme for distribution to the various centres where supplies are needed.

If the stock of Burma rice will not go far enough, it may be supplemented by the cheaper varieties of Burma rice and the Mysore mill rice, even though the issue of these variet may involve some loss.

The financial results of the exi ing arrangements for supply of food grains at concession rates may be cal culated and reported to Govt.

A register should be opened showi the indents received from the several Districts and the extent to which they are complied with.

Sale of food grains at Bangalore.

Ragi is coming to the market fair freely. About 15 cartloads are coming every day. In consequence of large quantities of Burma rice having been placed on the market, the price of rag which stood as high as Rs.95 per cart-load some few days back has gone down to Rs.85-87. The retail selling price is 7 t 7½ seers per rupee.

The arrangements for the sale of food grains at concession rates to poo people are working fairly well but the is considerable room for improvement. As stated already the Municipal Depot obtains 105 pallas of Burma rice and 54½ pallas of ragi from the Provinci Depot and this quantity is distributed to 43 licensed shop-keepers who are required to sell ragi to ticket holder at the rate of 8 seers per rupee and Burma rice at 6 seers. 7,832 tickets have been issued for 35,972 persons, i roughly more than a third of the whole population of the city. Vide statement

The arrangements for the supervi. sion of the licensed depots are imperf There is at present a single Food Ins- pector who cannot possibly visit all t shops. Two more Inspectors should be

appointed at once and the duty of supervision should be properly divided among the Inspectors.

8. Statement showing the various licensed shops and the numbers of ticket holders assigned to them may be printed and copies posted at each shop.

Government of His Highness the Maharaja o
General and Revenue Secretaria

he Officiating Dewan inspected the Provincial Depot at Bangalore, the Bangalore City Municipal Depot and a few licens and private shops in the Bangalore City on the 21st instant. The Food Controller and the Chief Officer, Bangalore City Muni pality were present. The following observations and instructions in this connection ~~fmr~~ are issued for information and immediate needful action.

(1) Arrangements for importation of food grains.

The allotment for March 1919, has not yet been fully realized and that for April 1919 has not been obtained at all. The supplies from the Godavari District have been delayed. Th Food Controller will communicate at once with the Deputy Direc tor of Civil Supplies, Bezwada and secure his assistance.

Regarding Burma rice the existing arrangements for impo through merchants do not seem to be adequate, but the merchant may be given another chance in May, if necessary. If the merchants are unable to import the stipulated quantities, arrangements may be made to obtain the entire quantity immediately through the Rice Commissioner in Burma.

The application for the allotment for May 1919 should be expedited.

2. Stock on hand.

Up to date information is not available in the Food Controller's office as to the stock in the District and Taluk Depo The Food Controller should arrange for the transactions of each depot being reported to him daily, so that he may be in possess of these essential particulars.

3. Distribution.

The arrangements for supply of grains to Districts do no ppear to be satisfactory. The Food Controller is requested to repare and submit, without delay, a proper scheme for distribution to the various centres where supplies are needed. If he present stock of Burma rice is not sufficient for the purpos t may be supplemented by the cheaper varieties of Burma rice nd the Mysore Mill rice even though the issue of these varieti ay involve some loss.

A register should be opened in the Food Controller s ffice at once showing the indents received from the several istricts and the extent to which they are complied with.

The Food Controller is requested to report to Government ery early the financial results up-to-date of the existing arran ents for supply of food grains at concession rates.

4. Sale of food grains at Bangalore.

The supervision of the licensed depots is now entrusted o a single Food Inspector who cannot possibly visit all the sho wo more Inspectors should be appointed at once and the duty of upervision properly divided among the Inspectors. A statement howing the various licensed shops and the numbers of ticket-hol ssigned to them must be printed and copies posted at each shop.

5. General.

The Government desire that the Food Controller should in ore active touch with the Deputy Commissioners and he should als eet the Revenue Commissioner as often as possible to secure his p-operation in dealing with District Officers. To enable the ood Controller to have more time at his disposal for outdoor work n additional Assistant has been posted to relieve the Food Con- roller of his routine duties as Director of Civil Supplies.

FROM

K. MATTHAN ESQ., B.A.,
Food Controller and Director of Civil Supplies in Mysore.

TO

C.S. Balasundaram Iyer, Esq., B.A.,
Chief Secretary to the Govt. of Mysore.

Sir,

With reference to your letter No. G. 6956 F.S. dated 17th September 1919 and in continuation of my letter No. 4132 dated the 2nd instant regarding the submission of a consolidated statement showing the financial results of the sale of rice and ragi at concession rates, I have the honor to state that from the reports received from the Deputy Commissioners of Districts it is seen that no ragi was issued at concession rate in any places in their Districts.

2. The Chief Officer, Bangalore City states that the cost price of ragi issued at concession rate in the Bangalore City was Rs 96591-0-0 and the amount realised by sale was Rs 95498-4-0 resulting in a loss of Rs 1092-12-0

3. In the statement furnished by the President, Mysore City Municipal Council, Mysore 3966 pallas 36½ seers of ragi valued at Rs 40524-15-1 are shown to have been sold during the period, the amount realised by the sale being Rs 44439-11-5. There has thus been no loss to Government in the ragi transactions in the Mysore City.

4. On the whole there does not appear to be any loss in respect of the sales of ragi at concession rate except for

for the sum of Rs 1092-12-0 in the Bangalore City referred to in para 2 supra. This sum representing as it does the cart hir paid for taking ragi to depots for retail sales has been included in the statement previously submitted to Government with my letter No. A. 943/F.42 dated 16th September 1919, under actual cost price including freight, cart hire etc. The nett loss to Government in the transactions in connection with the scheme ~~said~~ sanctioned in the Government orders dated 17th and 19th March 1919 amounts to Rs 32,212-14-10 as already reported. I request ~~accordingly~~ that early orders of Government may kindly be obtained to have this amount credited to the Food Supply Advance account by debit to Famine Insurance Reserve Fund.

I have the honor to be,

Sir,

Your most obedient servant,

Kuttiar

Food Controller and Director.
